DIGITAL BOARD TRIM

Model	MANUAL BOARDTRIM-1800V	DIGITAL BOARDTRIM-1800V	DIGITAL BOARDTRIM-3100V
Cutting Thickness (Foam)	25mm	25mm	25mm
Max. Cutting Length	180cm	180cm	310cm
Dimension(LxWxHcm)	225x116x27	237x116x26	367x116x26
Weight(kg)	100	150	200
Power Supply	-	110V/220-240V / 50-60Hz	110V/220-240V / 50-60Hz
Consumption W(A)	-	100	100

1. Speed is adjustable for working on materials with different thickness.
2. Able to make uni-directional or bi-directional cuts (Modes can selected so the blade sweeps either upward, downward or both at same time)
3. Heavy-duty blade that is easy to be replaced
4. Cutting height is adjustable by digital signal with aid of microprocessor.
5. Magnetic guides are supplied in order to enable users to make cuts with angle.

DIGITAL BOARDTRIM-3100V

Specially Designed For Laminated Masterials
